The right Option for you, your business, your family, your lifestyle!

Pedorthic Assistant Program

The Pedorthist Assistant (PA) program is designed to provide the Pedorthist Assistant student with the competencies required for completion of Levels One and Two of the Pedorthic Precertification Program.

The PA Program meets all competency requirements of the Levels One and Two completion. It also meets the competencies required to sit for the ABC Certified Fitter of Therapeutic Shoe Board Examination through a CFS Allied Health Education Certificate of Completion. Candidates for pedorthist certification can attain the ABC or BOC Pedorthist credential through successful completion of Levels One, Two and Three of our CAPE approved pre-certification pedorthic program, passing the Pedorthic Board Examination and completion of 1000 hours of clinical experience.
